

PUBLIC LEDGER

FOURTH YEAR.

MAYSVILLE, KY., WEDNESDAY, JULY 31, 1895.

ONE CENT.

LARGEST IN THE CITY.

Purely Business!

The columns of a newspaper represent a cash value. No publisher can afford to give advertising "outlets" free any more than a merchant can take over his counter from gifts of goods or shoes. A newspaper is a legitimate business concern. Its columns are its stock in trade and advertisements should be paid for, no matter in what part of the paper they appear.

The Continued Calls

upon THE LEDGER for free notices have become so burdensome that we are forced to publish the following terms:

For Notices of Suppliers.

carriages, fairs, or other public entertainments where a fee is charged, and for ordinary notices, reduction of respect, etc. THE LEDGER will charge FIVE CENTS A LINE, and heretofore this will be the imperative rule. This, however.

Does Not Include

notices of Lodge meetings or church services, which must not exceed ten lines.

Avoidance of Disputes.

Misunderstandings are unpleasant. The rule of the *Public Ledger* in this regard is 10 cents a line for the first insertion and 5 cents a line for subsequent insertions. A customer orders a five-line local inserted in the paper. "I'll tell you when to take it out," he says to the bookkeeper. But he forgets all about it. The notice runs for two months—32 times—the bill is \$16. When he finds it out, there is a "kick" and a controversy, followed probably by an angry letter. Now, to obviate this trouble, "let's let the public" notice will be inserted hereafter. Let's have a definite agreement at the outset and the termination will be pleasant all around.

All matter for publication must be handed in before 9 o'clock in the morning of each day.

ONE TO HER REWARD.

Miss Emma Schnelle, aged 33, Died at 1:40 This Morning.

Miss Emma Schnelle, aged 33 years, daughter of Mr. and Mrs. Fred Schnelle of the First Ward, died this morning at 1:40 o'clock.

She had been suffering for several weeks from malarial fever, and was apparently some better yesterday morning, but last night she was taken with a congestive chill, which proved fatal.

Miss Emma was a beloved member of the Christian Church, a member of Friendship Lodge, D. of R., and was a delightful young lady to all who knew her.

Her many friends will be pained to hear of her death.

No definite arrangements had been made for the funeral up to our going to press.

ONE TO NOTHING!

THAT'S THE WAY IT STOOD IN OUR FAVOR.

The Mayville Grays defeated the Ablesden Baseball Club by a score of 15 to 14.

The features of the game were Dawson at short, Wood's batting and Sons making five of the fifteen runs for the Grays. Batteries—Fasler and Wood, O'Hearn and Wood.

Jack Glascock has been let out by Washington, and is to be Manager and first baseman of the Wheelings in the Iron and Oil League. Those poor ball players had better buy them a good hickory club apiece, as they will need it to keep him quiet.

The Ashland News has this to say of the Portsmouth-Ironton game Saturday: "Portsmouth sent a great gang of freaks, disguised as ball players, up to Ironton Saturday, and they ran up against the mighty arm of 'Pard' Collins, who was in bed for Ironton. Seven innings sufficed the freaks that they had no license to daily with him, and they were willing to let it go at 24 to 4 in favor of Ironton."

EVANGELIST FIFE'S MEETING.

It Was the Most Successful One Ever Held in Campbellville.

W. P. Fife, the well known Evangelist of Charlotte, N. C., assisted by Professors Price and Marston, has just closed an interesting series of meetings at Campbellville.

The good deed is almost incalculable. About 100 persons were converted and a large number of "backsliders" restored.

It is said by many of the oldest citizens that there has never been such a meeting in the history of the county.

Mr. Fife is a fearless preacher and rebukes sin of every form with a boldness almost unparalleled, at the same time moving his audience to tears with pathos.

The effect of the meeting is widespread. Great crowds went from the county, his audience often numbering 1,500 people.

The services were conducted in the large building recently occupied by the Royer Wheel Company with a seating capacity of about 1,500, and often from 300 to 500 were compelled to remain outside.

The music was furnished by a choir of seventy-five voices, with a piano and organ.

Mr. Fife was ably assisted by resident Ministers, Revs. A. P. Lee of the Methodist, J. H. Weaver of the Presbyterian, and J. V. Loving of the Baptist Church, formerly Pastor of the Lewisburg Baptist Church, this county, all of whom joined enthusiastically in the services, contributing no little to the success of one of the most remarkable series of union meetings ever held in this part of the state.

Mr. Fife has been requested to hold like meetings at Lebanon, and has agreed to do so as soon as he can recuperate from the fatigue of the meetings here.

Two shut-outs at the capital city. But you know what the boys did to the Senators.

The Portsmouth Blade playfully dubs their leading baseball team "Pratt's Paralytics."

There must have been a streak of good luck followed the Locals out of Tennessee, or they must have rubbed somebody's lamp.

In the long-distance throwing contest at Ironton last Saturday Glines won over Taylor, Jones and Batbam, covering about 103 yards. It was generally believed Taylor did not try for the honor.

Zimmer, the catcher of the Huntington team who had his collar bone broken in a game in this city by little Ray Tenley, will soon be able to resume his position behind the bat with his regular team.

The Huntington Advertiser says: "Zimmer behind the bat, Jones in right, Reiman on second, Smith in center and Woodruff in left will make an outfield too strong for these suburban clubs."

We are now satisfied that there was something wrong at Knoxville! The following telegram is now going the rounds of the press from that city:

KNOXVILLE, TENN., July 30th.—A movement is on foot here to have the Mayville, Ky., and the Knoxville Baseball Clubs play a series of three or five games in Cincinnati some time in August.

In the seven games just played between these two clubs here the locals won five, and the Kentucky people are not satisfied. A purse of \$4,000 has been promised the winning team in the series indicated. A special trainload of cranks, fans, rosters, bleachers, Indians, &c., will be run from Knoxville.

Claggett, the little fellow who caught for Ashland last season and part of this, and also played in two games with the Locals here this season, is now a salaried man on the Waverly, O., team. Claggett is a pretty good ball player.

The Mayville Grays defeated the Ablesden Baseball Club by a score of 15 to 14.

The features of the game were Dawson at short, Wood's batting and Sons making five of the fifteen runs for the Grays. Batteries—Fasler and Wood, O'Hearn and Wood.

Driftwood Gathered and Split for Ledger Patrons.

The Kanawha at Charleston continues falling slowly.

A rise of 4 is reported below the dam in New river at Hinton.

The river is now falling again, but it has advanced sufficiently to revive interest in navigation considerably.

There was in all about six feet of water in the Kanawha, sufficient to allow a small coal run from that stream.

The contract for Government towing at the mouth of the Licking river has been awarded to the steamer F. J. O'Connell.

The Lizzie Bay had a tremendous trip of freight from Gallipolis yesterday morning, including 300 head of tobacco and 100 head of stock.

The Sunshine from Pomeroy Monday at noon was blocked off with freight. Her principal items were 231 head of tobacco and 251 head of stock.

The water looked for at headwaters has not yet materialized. A slight rain is falling at headwaters this morning, but it is not sufficient to be of any consequence to the stage of water in the river.

The George W. Mordock, with a tow of salt and coal, from Pomeroy, passed down Monday with the old ferryboat H. A. Nead in tow for the Levenson boat yards, where she will be dismantled.

The E. A. Andrews, one of the finest towboats floating the Ohio, passed down yesterday with a light fleet of coal. The Andrews is equipped with the most improved machinery, and both incandescent and arc lights.

Rheumatism, which is caused by an acid in the blood, is cured by the use of Arer's Sarsaparilla. External treatment is of no avail. Until the blood is thoroughly cleansed of all impurities, it is useless to expect the cure of any disease. Has cured others, will cure you.

In the premium list of the Mayville Fair, under the head of Rules and Regulations, in Section 2 there is an error in regard to closing entries. It should be August 30th instead of August 1st. Also the premium on cooked ham is \$3 instead of \$1.

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by inflammation of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that is cured by Hall's Catarrh Cure. Send for circular.
